Who We Are

- NZTrends began serving the custom home industry in the Hawaiian Islands in 1998
- Comprehensive line of high quality architectural products
 - We help identify the ideal solutions for your home
- Products sourced from New Zealand, Australia, Europe, Canada, and the mainland
- We work diligently to ensure that our custom products are manufactured and installed to perfection
- NZTrends has an excellent reputation in Hawaii
 - Solutions provided for over 160 homes
 - References available on request

Eco-Friendly Wood Products

- NZTrends is enthusiastically committed to offering **eco-friendly** wood products to our customers
- All of our manufacturers are certified by the **Forest Stewardship Council (FSC)**
 - **FSC** is generally considered the most important international certifier of wood products
 - **FSC** is endorsed by all major environmental groups
 - **FSC** is endorsed by many large and well known US retailers
 - One exception is the Payette River Lumber Company, which is currently seeking **FSC** certification, and already has certification from the US equivalent, the **Leadership in Energy and Environmental Design (LEED)**

Eco-Friendly Solutions

- NZTrend's manufacturers meet FSC's stringent environmental standards by:
 - Harvesting dead standing trees, often killed by parasites
 - Reclaiming lumber from old buildings that are being dismantled
 - Using sustainably grown wood, either from tree plantations or through selective, low-impact logging

Product Customization

- Efficient and thorough communication is crucial for custom products
 - NZTrends facilitates full and open communication between the architect, builder, and manufacturer
- NZTrends works to develop the complete set of CAD (Computer Aided Design) drawings required
- After delivery, NZTrends works closely with the builder to ensure that installation is done to perfection
- A comprehensive warrantee is provided

NZTrends Team

Harald von Sydow

Customer relations, order specification,
architect and builder liaison

Ken Buckland

Marketing, financial management,
foreign currency hedging

Helena von Sydow

Order management, customs, accounts

MJN McNaughton Joinery

- MJN McNaughton, a family business located in Auckland, New Zealand, has been manufacturing high quality doors and windows for eight decades
 - A finely crafted and extensive line of joinery products
 - Steeped in family tradition, a company dedicated from inception to supreme craftsmanship
 - Over the years they have developed a number of innovative and proprietary lamination techniques that provide extraordinary strength and durability
- A company of world-class craftsmen, in the European apprenticeship tradition
 - But located where shipping to Hawaii is not prohibitive

Bronze Clad Doors and Windows

Bronze and aluminum cladding from Bieber solves the problem of exterior maintenance while providing the natural warmth and beauty of wood in the interior of the home
